Take a photo of a Christmas tree in school.

Take a photo of you singing Christmas carols to other students.

Measure 100mL of red liquid in the classroom (for Santa) and show me to prove you can measure!

Santa needs to know how to weigh presents. Weigh out 10g of a present and show me.

Take a photo of you posing as Santa and his reindeer.

Spell out HOLIDAY in some creative way and take a picture.

Santa's sleigh is 3m long. How many mm is that? Write it down!

If Santa gives a present to 2 billion children and each weighs 1kg, how heavy are all the presents?

Santa's hat is a cone shape. Make one out of paper.

There are 5 pointed stars, and six pointed star. Make one of each out of sticks and take a photo!
