

Go to the place where we first met

Go to the place where we had our first kiss

Go to the place where we became boyfriend and girlfriend

Go to the place where we got engaged and married

Go to the place we had our wedding reception

Go to the place we went through a drive-thru in our wedding clothes

Go to the place we spent our first night together as a married couple

Go to the first apartment we had together

Go to the place we now call home
