

I once was tall now I am short, you can sit on me.

Man made animal home

I can be compact, but I also can get very long.

A home for birds,

Polka Dance

You can send and _c_v_ stuff from my _0_.

Instead of knocking, you use me.

I can take you great distances of varying speeds, to move and inch, I am what you need.

People are always feeding me stuff they don't want anymore.

This is where you eat outside.
