

Mission #1: Find an antenna and hear how they work.

Mission #2: Go to the Morse Code station and listen to a message being typed.

Mission #3: Learn how radios are used in a natural disaster.

Mission #4: Ask someone for the farthest distance that they have talked with someone over the radio.

Mission #5: Discover how a message relay works.

Mission #6: Talk on the radio!

Mission #7: Grab a cookie (if it is ok with your adult).

Mission #8: Find out the youngest age needed to become a ham.

Mission #9: Jump in and join a fox hunt!

Mission #10: Get the date of our next meeting.
