

Find a stick - small or large and add to your bag.

Now search for a rock to go with your stick. You are on a roll.

Next there's a man lying somewhere. Quick - add him too.

Gugu has jewelry and you need just one.

Now add a crayon in your favorite color and grab an extra one too.

Look hard for a sock you can put on your foot.

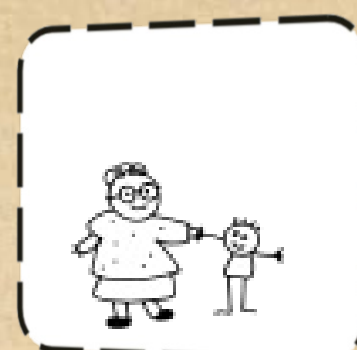

Somewhere in gugu's stacks of movie's I want you to find your favorite movie

After you are done in the bathroom there is a special paper you need - I want one square.

Now how will I know who this person is - a picture of you I must have.

This means the most to a gugu's dear heart - write a special memory we share.
