

this is a circle of six. search one and you might get lucky.

best to go down because up is kinda tricky unless you're sticky.

these two stone faces are looking at each other. If you get close enough they might look at you too.

shaped like an orbit, fun, and merry but sometimes a tad scary.

sit, climb, and swing on this marvelous thing. look out below or you might get attacked!

this travels through liquid but now it's stationary in a tatooine-like space.

this communication device might be infiltrated with a foreign specie.

got hops? i hope so! this one is at a high altitude.

ring around the rosie, pocket full of posies. Ashes, ashes they all fell down.

slowly walk the path but don't go too far or you'll get the car's wrath.
