

Come straight out of your room and you will see me, I can get hot or cold. Turn me to 45 degrees.

Now, go in the living room and something that contains a "family memory"

Create a healthy lunch but don't actually cook. (some sort of pasta, fruit, vegetable and drink.)

To find treasure you must go in the basement.

In the laundry room you'll see clothes. Sort them. Separate lights from darks.

Go to your fake kitchen and sort the fake foods. Healthy foods and non healthy foods.

Go to space where your sister dances. Run in place for 30 seconds and do 10 jumping jacks. DONT CHEAT!!

You left the clothes out in the laundry room! Put them in the tall basket.

Your sister will have you finish lyrics to a song. I hope you've been paying attention.

Finally, you can get your treasure, it is inside of every little girls dream house.
