

HAPPY BIRTHDAY!

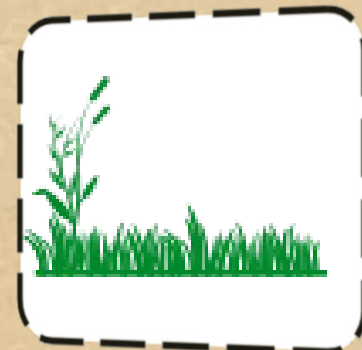

first on the list is a slimy little bugger. Usually found in shallow dirt the worm is what you find first.

Your second mission will be quite a treat. Find a leaf that a bug did eat.

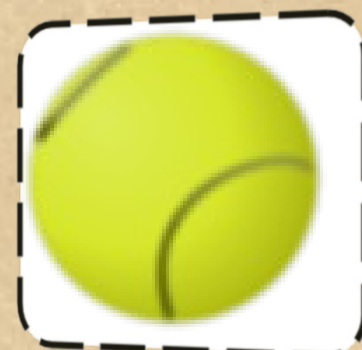

If one is done and two is found than three is the bug you'll find on the ground.

Mission four is an easy score. It's not up high and it's not very sweet but it's good for cows and soft on your feet!

Mission 5 is nothing we need. But bring us the root's and also the weed!

Mission 6 is fun for all. Even our best of friend's we call dogs. Come on kid go fetch us a ball!

7 is tough but don't give up. I think you should take a look out front!

Number 8 will cool down your friends. Just bring it to me and you can throw it at them.

Mission 9 if you choose to accept will be the one your parents regret!!

Mission 10 is going to be tough. But take your time and you shall find it...The winner is the one who brings me a cricket!!!
