

Find two things a squirrel might save for winter.

Pick up at least 4 pieces of litter.

Find two different artifacts from a pine tree.

Find three things a bird might use to build a nest.

Find a seed that is distributed by attaching itself to humans or other mammals.

Find the leaves of two different species of trees.

Collect 3 rocks.

Find something red.

Find a clover (three-leafed is fine!)

Find a feather - hopefully not still on a bird.
