

No one should ever come to church without me.

I'm tired of people sitting on me!

I am here to help the students do better at school.

I am in the back. I open & close. Go out of me and you will see open space

If you don't watch what you put in me, I will burn it.

It's cold in here! Brrrrrrr!

When people look at me they see themselves.

On the wall. Represent memories.

play beautiful music.

Every week, these newspapers sit on me.
