

Pencils are an important tool to do our work at school.

Colored pencils are helpful when we draw a picture.

Be careful when using scissors.

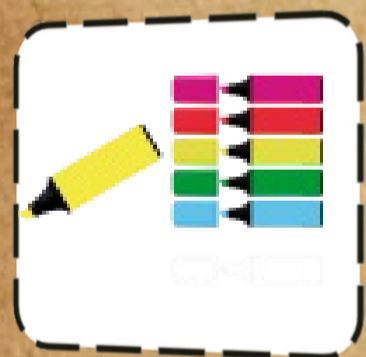

A little glue is all you need.

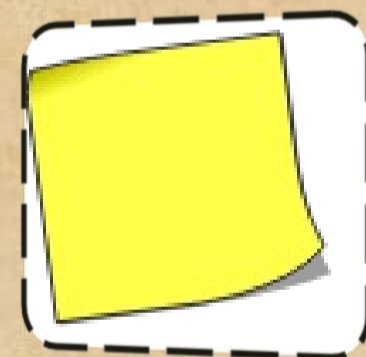

Highlighters help us remember parts of a story.

Erasers help us fix our mistakes.

Markers are fun to make our work look nice.

Sticky notes help us remember things.

Pencil sharpeners keep our pencils sharp.

Sometimes our teachers let us use pens to check our work.
