

Go to hoop with a jacket

You found me! Now find my friend that
wholes in him & you like to climb on him

I'm made of wood, I am old and falling apart

Some people put trash in me, but that is
not what I am for!

Your legs can gain much strength from
using me everyday

I move back and forth and bonded by
chains

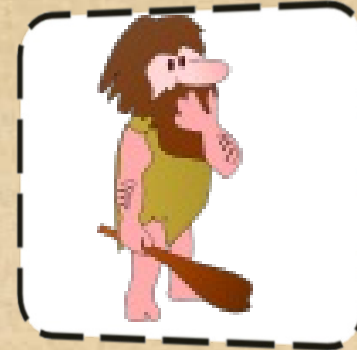

I look like a snake but I have brass endings

I'm blue and tall

Monkeys like my name

I'm wooden and my roof keeps me dry at
times
