

Find a stick longer than your hand.

What family has lived here for many years?

Locate a footprint and draw it. Decide whether it is an insect or an animal.

Write the types of creatures you would find on a tree branch.

Collect a leaf and sketch it.

Find something that can be recycled. Tell three people about your object.

Find 2 things that cannot move. Draw them.

Find the Waituna Track sign. What are the colours on the sign? How far is it? How long will it take to walk it?

Name 3-4 places that are surrounding Waituna Lagoon. Write these places down.

Record/Draw 3 plants and 3 animals that live here.
