

I am long black and heavy. Some like to use me for balance as I am nice and sturdy

I am yellow all over and like to stain clothes. I pick for fun and curl the steams

I hold up the house and protect you from the rain

Wishes are made on me and can be blown in the wind

I fall down, am gooey and brown and smell good at Christmas

I am black all over and make things nice and hot during winter, summer, and fall

I have many arms and can be used to hang stuff on

I am skinny and green and I turn many different colors

I can be green, brown, red, and yellow have a stem with many veins

I am brown with many rough ridges and stand 50ft tall
