

Pick your favourite MJ song and dance it up on the Wii. Who won the high score?

Grab your coats we're taking this show on the road. Your mission starts on the driveway.

Start at the front door and find something silver to stand beside.

If the object is small, spin in a circle 6 times. If the object is large, jump up and down 10X

Head to the park. Make a left from the house and look for the cat that walks. Who got there first?

Swing on the swingset with your eyes closed and sing your abc's. Now let's sing for the birthday boy.

Tic toc, watch out for the croc. Plank with your team beside the crocodile.

To the back of the house, in the yard in fact for the final part of our birthday track.

Line up against the fence for our marshmallow test. How many can you fit in your mouth?

Yum, yum, you finished our course. Back to the house for a prize and some food and cake!
