

We are the only country in the world to cover an entire continent. Find a globe.

Much of our country is desert so most people live in cities in the south. Find the desert.

Because we are an island, we have animals here no one else has. Ever seen a platypus or kangaroo in around?

We have an amazing site. The world's largest rock called Uluru! Find the red rock.

We have many poisonous creatures. 36 venomous spiders and 20 deadly snakes! Find the spider.

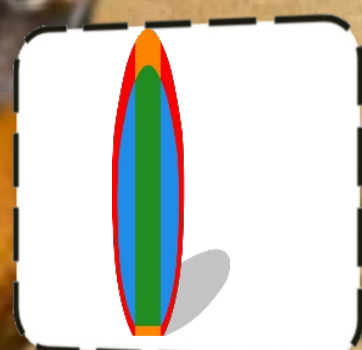

We are home to rainforests as well as deserts. Find the tree with vines.

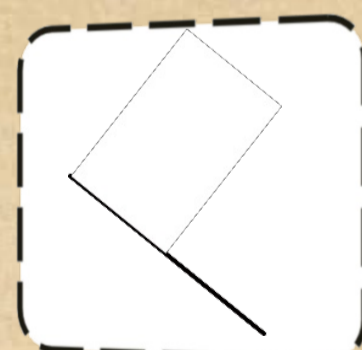

Our native people are tough. They can survive in the difficult outback. Find the aborigine.

Our country was once used as a jail for British settlers! Find the prison bars.

We are passionate sports men. we love swimming, surfing and rugby! Find the surfboard.

Our flag is orange, green, and white. Each color represents something special. Can you find it?
