

HAPPY BIRTHDAY!

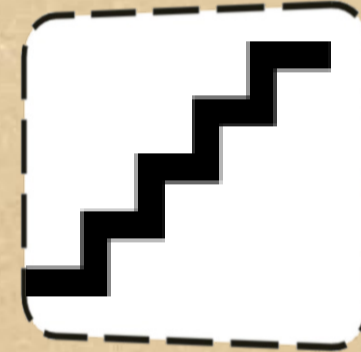

Take a group photo in front of the malls official sign out front. (Must pose Silly)

Have a male in the group model a pair of ladies footwear.(If you do not return them, just as you found them, in their boxes on the shelf, your team will be disqualified!)

Keep putting coins in a gumball machine until you get one Blue and one Green.

All group members MUST ride up and down the escalator three times in a row, without skipping steps.

Take a picture of a team member making a purchase.

Go to the Candy Factory upstairs, and purchase the answer to the math equation in candy pieces. $[2 \times 10] - 7 \cdot 3 = \underline{\quad}$

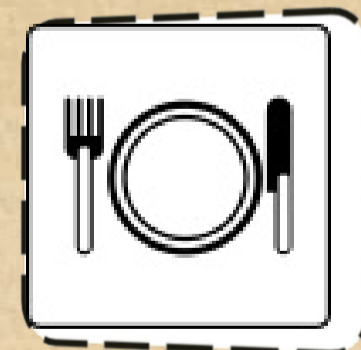

Find something on clearance for less than \$.50 cents. Must obtain a receipt.

Have a member of your team pose with a mannequin for a photo op,(touching the mannequin will result in disqualification!)

Have a member who has not already done a task, take a ride on one of the kiddie rides that take tokens, get a picture! :)

How many places are there to eat? (Including food stands) get a napkin from each place, with the restaurants name on it or a signature from the cashier.
