

Go hunt for the treasure near the vault  
you%u2019ll be. Don%u2019t dig or  
destroy %u2013Not too far you see.

Feels good know that the weight has been  
lifted

Leave a note, why don't ya?!

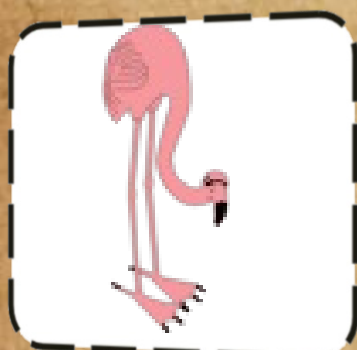

Why hide the needle in the haystack, when  
your knees aren't far

No garbing necessary

Most people never even stop to notice me

Looking high, looking low, winner winner,  
won't be thinner

I once was full but now I'm bare. If you find  
me there'll be something to share.

Some areas are large but great things come  
in small packages.

You're almost at the very end but this  
where your guests come in.
