

These start off green and then fall, they grow on trees some big some small

You can carve it or roll it but don't bowl with it

They grow on trees and are the color red - but watch out and don't let it fall on your head

The chipmunks want these as badly as you - they are brown on the bottom and the top too

Heavy or light - just don't take a bite - these hard items should be in your line of sight

Long and brown - these hold leaves on the trees until they fall down

Just one blade is all you need

Stringy and light - this material piled up can be quite the sight

They come in all shapes and sizes and lots of pretty colors - which one did you discover

This yummy treat will be yours if this game is complete
