You need ingredients, now go get 3

Make 3 laps on a bike with 3 wheels be
quick that's the trick

Climb a tree and you will see, now get down
and leave it be. (1 person from group)

Rockell will be 9 then we will sing but for
now collect 9 of the same thing. . .

The final ingredient you will need is only
something a squirrel would need. Put 2 of
me in your soup!

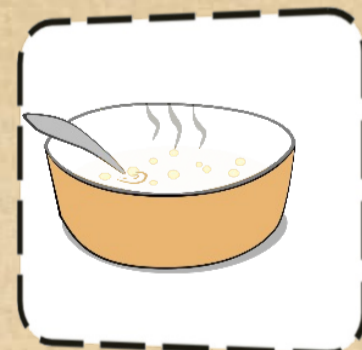

Shoot a hoop and you will see its not as
hard as our making it out to be! (everyone
must make 1)

Hey chick, you forgot to pick a ___ _ _ _ _

I am a yellow flower that grows in the yard.
What am I?

Hurry, hurry your times soon up, do you
have time to mix it up!
