

#A1 When you're feeling less than fresh there's just one place to go. Don't forget to scrub between each toe!

A#2 When we are well organized - the car fits well in here. Usually it is full of stuff and not one inch is clear.

A#4 It seems our clothes just keep returning to this same machine, spinning around and getting squeaky clean.

A#3 I rock to and fro when the sun shines or its raining. Come sit a spell and relax!

A#5 You've done well you deserve a great gift! Where your stinky clothes lie, give me a lift.

#C1 I rhyme with coaster and make warm breakfast treats...strudel or waffle I like to heat.

C#5 You made it to the finish - a treasure I see. These fluffy items get wetter, the more dry you become.

C#2 Don't throw this clue away... I may disappear on a Thursday when put in here.

C#3 I'm a little shy- in the corner I stand. But I'll give you a little extra light if you ask.

C#4 Pumping you up and making you stronger... if you lift me often you might live longer.
