

Come up with a cleaver name for your team and write it down here:

Find one object outside that begins with the first letter of each of your names and put it into your bag.

Think of spring and collect five items of the SAME thing that reminds both of you of spring.

Collect one item that you can eat for breakfast.

Collect six DIFFERENT types of leaves and put them in your bag.

Collect three socks that are dirty - NOT CLEAN ONES! We'll do the smell taste at the end of the game!

Collect one item that is bright red and one item that is bright orange. Place them in your bag.

Collect at least 3 items that Chloe likes.

Collect two balls - any size and any color and place them in your bag.

Bring all your collected items to me and ring the bell once you are done with your scavenger hunt!
