

Hand the first to the player.

Look close by the swing set!

Try looking in the dog house.

Now look under a tree in your front yard.
Looks close in may be hard!

A cat house would be a smart place to look.

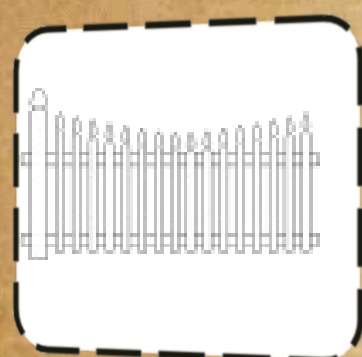

Maybe you will find something underneath
a chair in your back yard.

Looking close by a fire pit may help too.

On the back of your house may be another
clue. Look by something that stores things!

There is a white gate thats in your yard. Go
there and you may find another clue.

Oh your porch who ever gets there first
mat find the pirates booty!
