

Which dinosaurs welcomed you to the museum?

Camouflage or armor is used for a dinosaurs protection - design decorate your own dinosaur using your hand prints for the armor.

Be a nature tracker and find The dinosaur that is so big, only his leg fits in the museum. Hint - Age of Giants

What was dinosaur skin like? Create your own and add it to your field guide.

Come on nature tracker - find the dinosaur skull that means "five horned face." Hint - Look in the NM Seacoast section

Nature trackers - dig for fossils and add one to your dinosaur field guide.

Nature trackers - find the hatching baby dinosaurs in a nest. Hint - find them in the forest NM Seacoast

Dig it out - dinosaurs are discovered in earth and rock. Be a paleontologist and find the hidden fossils inside.

What do dinosaurs eat? Herbivores (plants), Carnivores (meat), Omnivores (everything) Sweetivores - find the candy buffet (a great nature tracker snack).

Select your favorite dinosaur specimen and add it to your dinosaur field guide.
