

Can you find and collect 3 very differently shaped leaves

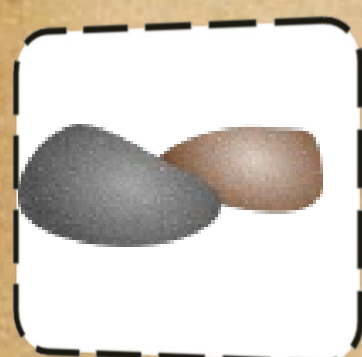

You will have to look very carefully here - try to find a small piece of moss

Use your imagination here - choose a stick that is shaped like a magic wand but no bigger than your foot!

An easy one next! Pick a flower (but not a bluebell!)

Find 4 different shaped and different coloured stones - but not too big!

Find a mystery item from nature that you think is interesting and curious!

Find an acorn, seed or nut!

Can you find a pine cone that is not damaged in any way?

Find an interesting tree Take a rubbing of the bark

Using your best observation skills, choose something from nature and sketch it in detail!
