

Is it time to look at its face?

Lots of dates, but not a boyfriend or girlfriend in sight.

When you reach this point in the road, do you feel hungry?

It's not in your tummy, but somewhere above...It's often thought of as a symbol of love.

Look over your head, you might see that you've had a bright idea!

This something you might cuddle at night. It's nice and soft and you hold it tight.

You put this on when it's nasty and cold and time to go home.

White, mild and dark are three types that you might eat. As a type of candy, this food can't be beat!

She is a sister to everyone and there are lot here tonight!

You see me at the start of an important event but today they are here in different colors besides just red white and blue!
