

My name is Fred and I'm just a skeleton head. Follow the clues and check off the boxes until you find all of me.

I was off wandering under the Maple trees in the yard when I discovered I was missing an arm.

I ran and jumped and played but when I jumped off the porch I lost a leg...

I sat down to eat and my hand rolled off the table...

I was washing up downstairs and lost my other hand...

I woke up from a nap in Loris room and was missing an arm....

I can't remember where I was sitting when I lost my other leg.....help me find it!

I tried to put on a pair of boots and left my foot inside one of them...

I think I was sitting outside on the porch when I lost my other foot...

Now just find my body and you can put me back together! I lost it while looking for a toy to play with...
