

Take a picture of your group lined up in the order of whose birthday is first until last.

Take a picture with a locker in the background. The picture must include the locker number and everyone in the groups heads.

Take a picture of each member of your group in a different room in the Junior Building. Each picture must include the student standing next to a piece of equipment in that room that is different from the other rooms.

Take a photo of each member of your group holding up a piece of paper with a single word on it, that makes a logical sentence when all of the pictures are put together.

Make a short video clip of the students in your group demonstrating each of the College's 3 RED values.

Take a short video of each member of your group acting out, role playing or miming their favourite singer, actor or sports hero.

Make a sound recording of each of your group speaking, and they must each say what they would do if they had one magic wish.

Take 4 photos in the Junior School building of something that all starts with the same letter of the alphabet, so 4 different photo's.

Take a photo of each member of the group demonstrating they are a different animal. You can draw a prop, stand in front of the digital screen with a background clue but you cannot write or state what the animal is in your picture.

Group hug and photo!
