

You need to find your way through a Dino Park. But first You will need to look the part!

Collect a sample of dino coprolite to take back to the Dino Lab.

It's feeding time at the Dino Park. Find the tool that has more than one purpose!

A dino has lost her 3 eggs. Help her find them before they become another dino's dinner!

Find a place a dino can cool off on a hot day. *Collect a "dino gem."

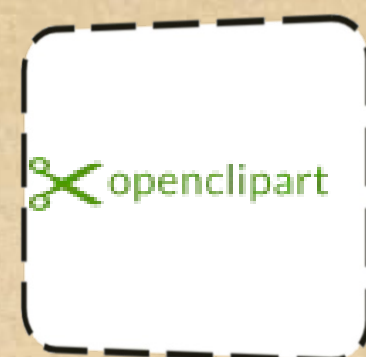

You find a dino footprint...its time to go AND....

A T-Rex is on the loose in the Dino Park! Find a good place to hide. *Collect a "dino gem"

Find the nest where she will go to lay its eggs.

Before leaving the Dino Park be sure to grab a souvenir for each team member.
