

HAPPY BIRTHDAY!

Find the spot where dirty gets clean and look inside the big machine

Now go to the room where music is played and find your next coin where it is made

The birthday girl spends much time here look where she rests and the coin will be there

If your belly is growling you may be in the mood to go to this big box to find some food

If you're into hockey and you don't mind the danger, come look for the coin where it says "Rangers."

Now head up north is what I say and look around where the dolls lay

Now this is the spot that's just for a guest the coin will be where they would rest

It's pretty dark and has a big screen look for the coin where the movies are seen

This is where we eat Thanksgiving dinner find the coin you're almost a winner

Back to where you started your final stop find the coin way up top
