

Merry Christmas! This year you will have to work to get your gifts. Use clues to find all the gifts. Get moving!!

1) I am in a dark place where you often go. Every day I get glimpses of light. I am surrounded by what you wear.

2) It is time to eat! I love breakfast and drinking milk. Where I live is cold.

3) Boom! Bop bop! This movie is great. All I do is watch T.V. I play and pause it all the time. Can you put in another movie for me?

4) Running is super exhausting. You have to have a good pace. How do you stop this machine?

5) I am very squished. Everybody sits on me everyday. I see trash fall to the floor. They are my only friends. I am too weak to get out.

6) I am the easiest to find. I am near artificial nature and celebrating Christmas! Can you find me to reunite me with my buddies?

That was the last one! Have a Merry Christmas and a Happy New Year.
