

Off my tree I'm alone don't eat me with ice cream even though I am a cone.

Falls off of birds & crows. You can use it to tickle someone's nose.

Don't get these stuck inside your socks, they're very hard because they're....

So pretty whether yellow, pink, or blue they're the best way to say "I Love You"

I make you dirty brown with stains & worms will crawl in me every time it rains.

From point to point I'm stitched so tight trapping enemies is my delight.

All over the ground & not much lower. I'm afraid of your lawnmower.

It's always fun to climb me. Be careful not to fall. I'm as tall as the chimney.

Way up high safe and strong. This is home for many eggs.

This home looks like paper thin and gray. If I buzz by you run away.
