

I'm scary, to most and some I'm a joke.  
You'll find me under a tree, but not an oak.....

Rose are red, and some are pink. You'll find  
this clue in a place that stinks.....

Jack, some people call me so best beware!  
In a place where souls rest, find me if you  
dare.....

I'm a little skeleton not much lager than a  
mouse. Where I reside, a canine calls his  
house.....

I have five fingers but cannot fly.(duh, of  
course) I'll be hanging out where your  
cloths hang to dry.....

Without me, your leg would be mush.  
Unearth me from under a cauldron of  
slush?????????

Thee must be stumped a clue you must  
ask, send forth a sacrifice , to perform a  
grueling task.....

The golden scull is the ultimate prize, but  
watch out for the poop eating flies.....

Thee must be stumped a clue you must  
ask, send forth a sacrifice , to perform a  
grueling task.....
