

1. Have tallest person in your group swing on the swings while the rest of you count to 43.

2. Have the shortest person in the group go down a slide the same number of times as they are years old.

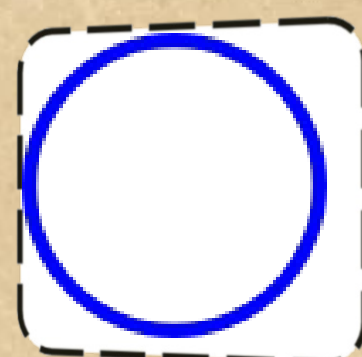

3. Count all the squares on the playground and field that you can find.

4. Find a bug and draw a picture of it on the back of the paper.

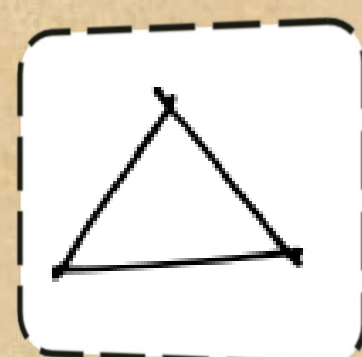

5. Find someone wearing the color purple and write their name here:

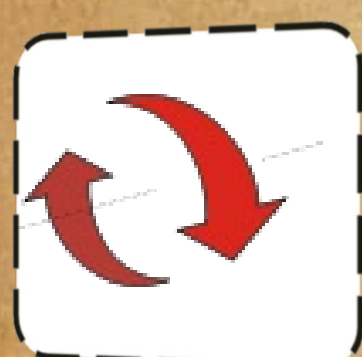

6. Find something round. What is it?

7. Do a grass lap.

8. Find a triangle. What is it?

9. Go to the middle of the field and spin around 6 times and then sing the school song.

10. Find a teacher and tell them your favorite thing about school.
