

What has a net but does not catch a fish?

This makes a ring so you will know, to pick up and say hello.

I rhyme with mike and you ride me.

You can walk on me all day but never get anywhere.

What has hands but can't feel?

I can be open with a key or three numbers.

What loses its head in the morning and gets it back at night?

You wash your hands in the sink, go here to get a drink.

I am a dog, but don't leave me in the cold.

Give me this juice to keep the fire lit.
