

Name all special teachers and their room names.

Which classroom has the most kids, write down the room number

In what room are you seated at tables with different names? Room number/name?

List all the classroom numbers that have a 2 in them.

Where is the readbook located? How many closets are in this room?

How many lead teachers are in the building?

This room used to be the middle school room. Have everyone draw a picture in here.

Where can you find a microscope? What is the room number?

Write down the names and grades of all associate teachers.

Go to the room where you can play basketball and have each person shoot a basketball 5 times, they do not have to make it! Sit in the center circle!THE END
