

# HAPPY BIRTHDAY!

I'm wooden and metal and monkey's love me! Send 3 team members to climb over and down to complete this mission.

Although I'm full of air I don't float, I bounce around. Send 2 team members to find me by a tree and bounce me back to the monkey's home.

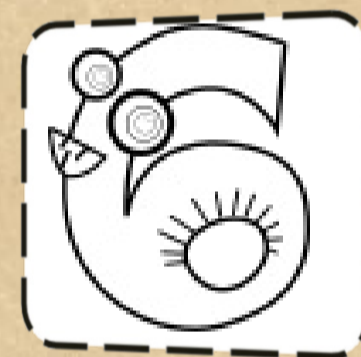

I once was a tree, but now I'm a stump. Inside you will find silly string for all to draw 2 leaves on your branches (arms).

Humpty Dumpty may have fallen off of me...your team needs to locate a cowbell to ring to complete this mission.

I have a net, but can't catch. To complete this mission, your team must score two points.

I am a place to wash for only those who fly. Find a feather for the team to pass to each member with only your left hands.

From up above I shine, from dusk till dawn I light the street and lawn. Each team member must tag me!

I look like a snake but do not bite. Plants and people like my refreshing liquid. Find me then join hands and slither in a circle.

I go up and down at the same time, but never move from my place in the yard. Team must do 5 high knees beside me.

I go up when rain comes down and shade you from the sun. Team must find me and be seated to complete the mission!
