

Take a picture of me. I have many names but my job is the same. If you're good I'll bring you new toys and games.

Take a picture of me. We hang in a line waiting for treats like puzzles, small toys, oranges, and sweets.

Take a picture of me. The sky is our road when we pull a big sled. You can't see us though, for you should be in bed!

Take a picture of me. When I hang from the ceiling, people stop and kiss. Pucker your lips and be sure not to miss.

Take a picture of me. I'm cold to the touch and clear as glass. Don't touch me though, for I melt fast!

Take a picture of me. Red and white stripes and a cool minty taste. Eat us all up, we don't want to go to waste.

Take a picture of me. It's Santa's home base at the top of the world. Elves wrap presents with ribbons all curled.

Take a picture of me. I'm mean and green with a heart too small. I steal the Whos' Christmas down to the very last ball.

Take a picture of me. Jingle bells, jingle bells, jingle all the way. Oh what fun it is to ride in a one-horse open \_\_\_\_\_.

Take a picture of me. My gown is white, my hat is gold. A horn or harp in my hands I hold.
