

I am round and orange, I make a scary light at Halloween, but today I am eaten in a pie!

I am falling at the moment, and I am red, orange, yellow, instead of only just green.

I am an enormous bird, you usually eat me at Christmas

I am a seed, which falls from a Christmas tree.

I am a ball that is pointy at both ends

I am hard to find at this time of year, pretty coloured and growing on a plant

The birds will like my bright red coloured berries, I am growing up high

I am the soft coat of a bird, I help them to fly

I am hibernating - fast asleep - not going to wake up until it's time to be a butterfly
HINT- up high in the shed

I am the bare bones of a plant - no leaves or flowers here!
