

"It is burning my eye!" Where am I located?

CODE RED, CODE RED, CODE RED in the lab! Locate me!

Don't run out of breath looking for my companion!

If you need a jump start, you need to find me stat!

QRST, where could I be? And, I am not on a keyboard.

Hmm! Where oh where are the containers?

I can measure your function/capacity, where am I?

You would locate me with my partners; gloves, tourniquet, alcohol, cotton and bandaid!
