

head to the produce/fruit and spot something yellow and fruity....it may a peel to your taste...monkeys like them too

check out the produce/fruit dept and spot some colorful drupes...they can be smooth and purple or fuzzy on the outside

produce/fruit dept - spot these thick skin citrus edibles that are full of vitamin C

head to the produce - what greens can you spot that are the size of a finger...some can be mild or hot

more veggies to find....what can be made into french fries or tots

one more veggie in your search...spot what can be made into fried rings and can make you cry

head to snacks...what is unhealthy but yummy...maybe they crunch when you chew or dip them too

what other snacks can you spot that are yummy but can have antioxidants too....maybe some dark cocoa?

this mission is to find a healthy finger food that you eat right away....after a quick wash you can enjoy today....

your last mission is to find an unhealthy finger foods that is processed and contains preservatives and sodium
