

Find a leaf that is round and not on the ground.

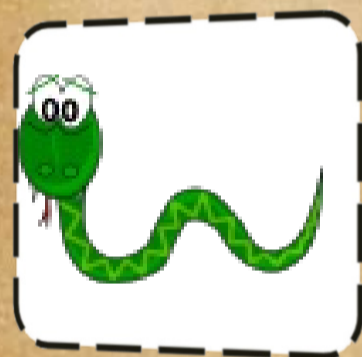

At the bottom of a tree you will find me. I'm a pile of dirt.

Look down at the bottom of your pants and you might see crawling: an ant!

You might find this in your yard or at a park, it is called a woodchip or bark.

Oh no! We might have to flee! There is a big snake up in that tree!

I know it must have taken hours for someone to plant all these beautiful flowers!

God created everything! So let us reflect, He made some things really small like the insects.

God made animals, people and things. He even made birds with feathery wings!

It looks like litter on the ground has been mashed. Let's find a piece and throw it in the trash.

This was fun! Every single bit. Now let's go inside for some yummy banana splits!
