

If you don't wear one of these, you are sure to get "TB"!

Go ahead, just "clean" everything with me!

Could I possible live and "breath" without one of these?

How "tall" do you think I am?

Can you help feed me, as you can see, I don't have "two" of these!

Sometimes the "fruit" doesn't fall far from the tree!

If I carry your "chart" so close to me, it's only because my shift is about to start!

My, oh, my how it hurts to be me, all you do is go and "peck" and "pound" on me all day!

If you don't "stick" me in here, you will be sorry, for it is not anything that a bandaid would fix"

I have "words" too!
