

HAPPY NEW YEAR

Corner office with a great view, this year he will see us through!

So many combinations, so little time. Orillia is on lockdown!

Has anyone seen Joan? She's probably doing cartwheels in her huge office!

This machine aspires to one day be a scanner but for now dial 9 to send out

Going "down"town for lunch has a whole new meaning

Rates? CDIC info? No problem, I gotcha covered.

92312 men are SPOILED! They share this room with only 3 others.

If you decline me, I have to go on timeout in my room... or drawer.

Penny for your thoughts?

Smooth sailing for the Orillia Community in 2013!
