

HO HO HO! Look for this jolly ol' soul.

White, not pink, I am Santa's favorite drink

Under the tree you will find me!

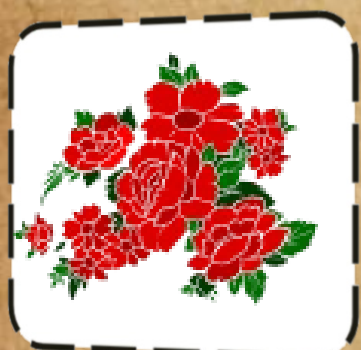

My shape goes round and round, can I be found?

I am big & green, the biggest thing in a room that can be seen!

I am the reason for the season! Jesus is LOVE

Merry and bright, I am red in sight!

I purr and have fur.

I know it is here, try another room and maybe it will appear.

White and Red, look near a bed!
