

This was originally built by the Hudson's Bay Company in 1833 and moved to a location further inland in 1843.

Settlers used this to trade with the Native Americans.

Native Americans wove these and used them to collect and store food.

The Factors House or Huggins Home used this to entertain visitors.

The DuPont Company made this and shipped it all over the world.

Early DuPont Company employees lived in these before permanent homes were built.

Young men from DuPont volunteered to help the town as they performed this dangerous job.

This black cat was the Laughbon High School mascot.

This company bought much of the land in DuPont and built what is now known as Northwest Landing.
