

Three T Rex's need lots of pointy leaves to eat

What goes just about as fast as a Se-go-saurus???

Burning up trees makes the Saltasaurus dinos jump!

The triceratops wants to go for a ride on the water - she hunts fish.

If the spinosaurus were a tree, which one would it be? Hint: It cries.

Way up high the Ankylo is waiting for you to visit

Is there a dino called the Al-boat-o-saurus?

Its skull is five feet long it needs this space to survey the property

These are stacked for the Sty-raco-saurus to eat when it is hungry

You saved the Dinosaurs!
