

# HAPPY new year

Something you can hold where words can appear and disappear.

A piece of this game will fall if you are not careful.

A piece of this will help clean any mess.

This can hold more than just water.

When used with metal, this can help hold up paper.

A sticky mess.

A place to hold all the words you know.

Find someone who works to protect the king.

This is used to erase any mistakes.

Anything that is Angel Teacher's favourite colour.
